## Antigone Questions Prologue And Parados Answers

Amanda Friendshuh link. The purpose of the Parados is to explain the background of Antigone. The prologue mentions a war and the brothers' fate, but doesn't explain what happened and why it happened. The Parados uses poetic language, imagery, and symbols to explain the events of the war and the brothers.

Webmaster and Editors. Prologue and Scene 1. Prologue: The prologue begins with Antigone meeting her sister Ismene near the central door of the palace. Antigone starts the scene with talking about their family suffering because of their family curse and how King Creon has declared that their brother Eteocles was to be buried with military honors, while their brother Polyneices body shall lie in the fields, never to be honored but to be left for animals to eat.

## Summary - Antigone:Prologue and Scene One

In Sophocles ' s prologue, Ismene states “ [She] has no strength ” for burying Polynices against the states ' jurisdiction, while Antigone pronounces that Ismene “ use[s] that excuse ” to avoid trouble (Sophocles 76-83). Even though Ismene says she doesn't have the strength to go against the state, she really means that she doesn ' t have the willpower to choose between the Gods ' and Creon ' s law because defying either law will result in punishment.

The celebrated author of *Gender Trouble* here redefines Antigone's legacy, recovering her revolutionary significance and liberating it for a progressive feminism and sexual politics. Butler's new interpretation does nothing less than reconceptualize the incest taboo in relation to kinship—and open up the concept of kinship to cultural change. Antigone, the renowned insurgent from Sophocles's *Oedipus*, has long been a feminist icon of defiance.

# Read Book Antigone Questions Prologue And Parados Answers

But what has remained unclear is whether she escapes from the forms of power that she opposes. Antigone proves to be a more ambivalent figure for feminism than has been acknowledged, since the form of defiance she exemplifies also leads to her death. Butler argues that Antigone represents a form of feminist and sexual agency that is fraught with risk. Moreover, Antigone shows how the constraints of normative kinship unfairly decide what will and will not be a livable life. Butler explores the meaning of Antigone, wondering what forms of kinship might have allowed her to live. Along the way, she considers the works of such philosophers as Hegel, Lacan, and Irigaray. How, she asks, would psychoanalysis have been different if it had taken Antigone—the "postoedipal" subject—rather than Oedipus as its point of departure? If the incest taboo is reconceived so that it does not mandate heterosexuality as its solution, what forms of sexual alliance and new kinship might be acknowledged as a result? The book relates the courageous deeds of Antigone to the claims made by those whose relations are still not honored as those of proper kinship, showing how a culture of normative heterosexuality obstructs our capacity to see what sexual freedom and political agency could be.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. Heracles Euripides - Euripides' Heracles is an extraordinary play, innovative in its treatment of the myth, bold in its dramatic structure, and filled with effective human pathos. The play tells a tale of horror: Heracles, the greatest hero of the Greeks, is maddened by the gods to murder his wife and children. But this suffering and divine malevolence are leavened by the friendship between Heracles and Theseus, which allows the hero to survive this final and most painful labor. The Heracles raises profound questions about the gods and mortal values in a capricious and harsh world.

The ancient Greek tragedy about the exiled king ' s final days—and the power struggle between his two sons. The second book in the trilogy that begins with Oedipus Rex and concludes with Antigone, Oedipus at Colonus is the story of an aged and blinded Oedipus anticipating his death as foretold by an earlier prophecy. Accompanied by his daughters, Antigone and Ismene, he takes up residence in the village of Colonus near Athens—where the locals fear his very presence will curse them. Nonetheless they allow him to stay, and Ismene informs him his sons are battling each other for the throne of Thebes. An oracle has pronounced that the location of their disgraced father ' s final resting place will determine which of them is to prevail. Unfortunately, an old enemy has his own plans for the burial, in

this heart-wrenching play about two generations plagued by misfortune from the world ' s great ancient Greek tragedian.

In *The Chastity Plot*, Lisabeth During tells the story of the rise, fall, and transformation of the ideal of chastity. From its role in the practice of asceticism to its associations with sovereignty, violence, and the purity of nature, it has been loved, honored, and despised. Obsession with chastity has played a powerful and disturbing role in our moral imagination. It has enforced patriarchy ' s double standards, complicated sexual relations, and imbedded in Western culture a myth of gender that has been long contested by feminists. Still not yet fully understood, the chastity plot remains with us, and the metaphysics of purity continue to haunt literature, religion, and philosophy. Idealized and unattainable, sexual renunciation has shaped social institutions, political power, ethical norms, and clerical abuses. It has led to destruction and passion to seductive fantasies that inspired saints and provoked libertines. As *During* shows, it should not be underestimated. Examining literature, religion, psychoanalysis, and cultural history from antiquity through the middle ages and into modernity, *During* provides a sweeping history of chastity and insight into its subversive potential. Instead of simply asking what chastity is, *During* considers what chastity can do, why we should care, and how it might provide a productive disruption, generating new ways of thinking about sex, integrity, and freedom.

The spirited narration of the scenes and the themes of recognition and revelation from Homer and Genesis to the major classical, Medieval, and modern writers: anagnorisis as the

living, moving encounter between two human beings.

This classic work of creative criticism from German philosopher Friedrich Nietzsche argues that ancient Greek drama represents the highest form of art ever produced. In the first section of the book, Nietzsche presents an in-depth analysis of Athenian tragedy and its many merits. In the second section, Nietzsche contrasts the refinement of classical tragedy with what he regards as the cultural wasteland of the nineteenth-century.

Translated and edited by Peter D. Arnott, this classic and highly popular edition contains two essential plays in the development of Greek tragedy-Oedipus the King and Antigone-for performance and study. The editor's introduction contains a brief biography of the playwright and a description of Greek theater. Also included are a list of principal dates in the life of Sophocles and a bibliography.

King Oedipus/Oedipus at Colonus/Antigone Three towering works of Greek tragedy depicting the inexorable downfall of a doomed royal dynasty The legends surrounding the house of Thebes inspired Sophocles to create this powerful trilogy about humanity's struggle against fate. King Oedipus is the devastating portrayal of a ruler who brings pestilence to Thebes for crimes he does not realize he has committed and then inflicts a brutal punishment upon himself. Oedipus at Colonus provides a fitting conclusion to the life of the aged and blinded king, while Antigone depicts the fall of the next generation, through the conflict between a young woman ruled by her conscience and a king too confident of his
