The book that is providing a storm of controversy, from 'Israel's bravest historian' (John Pilger) Renowned Israeli historian, Ilan Pappe's groundbreaking book revisits the formation of the State of Israel. Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint. Denied for almost six decades, had it happened today it could only have been called "ethnic cleansing". Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappe offers impressive archival evidence to demonstrate that, from its very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East.

NATIONAL BESTSELLER • A stunning novel that tells the powerful story of Ora, an Israli mother, and her extraordinary love for her son, Ofer, in a haunting meditation on war and family. "One of the few novels that feel as though they have made a difference to the world." —The New York Times Book Review Just before his release from service in the Israeli army, Ora's son Ofer is sent back to the front for a major offensive. In a fit of preemptive grief and magical thinking, so that no bad news can reach her, Ora sets out on an epic hike in the Galilee. She is joined by an unlikely companion—Avram, a former friend and lover with a troubled past—and as they sleep out in the hills, Ora begins to conjure her son. Ofer's story, as told by Ora, becomes a surprising balm both for her and for Avram.

In the middle of the First World War, the British War Cabinet approved and issued a statement in the form of a letter that encouraged the settlement of the Jewish people in Palestine. Signed by the Foreign Secretary Arthur Balfour, the Balfour Declaration remains one of the most important documents of the last hundred years. Jonathan Schneer explores the story behind the declaration and its unforeseen consequences that have shaped the modern world, placing it in context paying attention to the fascinating characters who conceived, opposed and plotted around it - among them Lloyd George, Lord Rothschild, T.E. Lawrence, Prince Faisal and Aubrey Herbert (the man who was 'Greenmantle'). The Balfour Declaration brings vividly to life the origins of one of the world's longest lasting and most damaging conflicts.

The inspiring story of a young Palestinian man who rejected his militant past to become the leader of a peace movement
