Collectors and non-collectors will experience the passion for collecting dolls in Ms. Garrett's second, FULL COLOR, black-doll reference book, which is a comprehensive celebration with up-to-date values of over 1000 vintage-to-modern black dolls. Doll genres celebrated, referenced, and valued include early dolls and memorabilia, cloth, fashion, manufactured, artist, one-of-a-kind, celebrity, and paper dolls. 'A to Z Tips on Collecting,' 'Doll Creativity,' and loads of 'Added Extras' will entertain, enlighten, excite, and encourage the most discriminating collector. Readers will experience five years of the author's continuous and extensive doll research combined with nearly 20 years of doll-collecting experience. Black Dolls: A Comprehensive Guide to Celebrating, Collecting, and Experiencing the Passion, is an informative, must-have reference for any doll collector's library.

To serve the doll-collecting community, particularly avid Black-doll enthusiasts, Ms. Garrett continues to write about the dolls she loves. In this, her third doll publication, dolls, both old and new, blog their experiences over a two-year period as chosen dolls in Garrett's extensive and quite eclectic Black-doll collection. If you love dolls, possess a vivid imagination, and enjoy combining the two, you will derive great pleasure reading The Doll Blogs, another first for Debbie Behan Garrett. Garrett takes the reader on an imaginative voyage in doll-collecting world where she meets and greets new dolls, reacquaints herself with old ones, and continues the passion for all as a doll whisperer, allowing the dolls to speak through her. The dolls (some more vocal than others, with personalities all their own) find delight in telling their unique stories, sharing their experiences, and relaying how they entered Garrett's collection. This first book devoted to dolls that speak in blog form is masterfully engaging, a sure delight.

Anyone can master the fundamentals of game design - no technological expertise is necessary. The Art of Game Design: A Book of Lenses shows that the same basic principles of psychology that work for board games, card games and athletic games also are the keys to making top-quality videogames. Good game design happens when you view your game from many different perspectives, or lenses. While touring through the unusual territory that is game design, this book gives the reader one hundred of these lenses - one hundred sets of insightful questions to ask yourself that will help make your game better. These lenses are gathered from fields as diverse as psychology, architecture, music, visual design, film, software engineering, theme park design, mathematics, writing, puzzle design, and anthropology. Anyone who reads this book will be inspired to become a better game designer - and will understand how to do it.

This paper doll book was inspired by Johanna Spyri's "Heidi," one of the most, if not THE most, popular pieces of Swiss literature ever written. The illustrations in this book are paintings (watercolor and digital coloring), which lovingly detail Heidi's story, from her delight with the beauties of her mountain home to her adventures in the big city of Frankfurt. The set includes 7 dolls (6.5"-8.5"), 12 animals, 22 costumes, and over 70 accessories, as well as two 3-page background settings ("Grandfather's

Where To Download Barbie Baby Doll 1 Heidi Acosta

House" and "Mountain Pastures"). The illustrations were inspired by clothing and culinary details of the 1800s and of Switzerland. This book was published through Amazon KDP. The paper weight is slightly thicker than ordinary printer paper. The paper weight is the same for both doll/s and costume/s. The artist recommends backing the doll/s with cardstock if a thicker doll is desired (the doll and costumes function perfectly without the added thickness, however).

Heidi and Lucy Lancaster take their friendship on a wild ride in this thirty-fourth Heidi Heckelbeck adventure! Heidi and her best girlfriend Lucy Lancaster are planning a road trip to the Wacky Wonders Adventure Park! There are water slides and wild rides and plenty of friendship drama as Heidi and Lucy discover that they don't always agree on how to have fun. With easy-to-read language and illustrations on almost every page, the Heidi Heckelbeck chapter books are perfect for beginning readers.

Collectors will delight in acquiring the first and only Black dolls book that is completely published in Full Color! Author Debbie Garrett has written an extensive book of reference on vintage, modern, fashion and artist Black dolls. Featured in this book are Black dolls made from cloth, bisque, celluloid, composition, rubber, wood, and hard plastic. Fashion dolls, modern artist dolls and other doll categories are covered. This long overdue, insightful book includes a price guide and tips.

The international super-successful What to Expect brand has delivered again - announcing the arrival of a brand-new member of family: What to Expect the Second Year. This essential sequel to What to Expect the First Year picks up the action at baby's first birthday, and takes parents through what can only be called 'the wonder year' - 12 jam-packed (and jam-smearing) months of memorable milestones (from first steps to first words, first scribbles to first friends), lightning-speed learning, endless explorations driven by insatiable curiosity. Not to mention a year of challenges, both for toddlers and the parents who love them, but don't always love their behaviour (picky eating, negativity, separation anxiety, bedtime battles, biting, and tantrums). Comprehensive, reassuring, empathetic, realistic and practical, What to Expect the Second Year is filled with solutions, strategies, and plenty of parental pep talks. It helps parents decode the fascinating, complicated, sometimes maddening, always adorable little person last year's baby has become. From the first birthday to the second, this must-have book covers everything parents need to know in an easy-to-access, topic-by-topic format, with chapters on growth, feeding, sleeping, behaviours of every conceivable kind, discipline (including teaching right from wrong), and keeping a toddler healthy and safe as he or she takes on the world. There's a developmental time line of the second year plus special 'milestone' boxes throughout that help parents keep track of their toddler's development. Thinking of travelling with tot in tow? There's a chapter for that, too.
