Previously, she held a Royal Society University Research Fellowship , [when?] and fellowships from the Royal Commission for the Exhibition of 1851 and Balliol College, Oxford .

Katherine Blundell - Wikipedia

Professor Katherine Blundell looks at the seemingly paradoxical, mysterious, and intriguing phenomena of black holes. Outlining their nature and characteristics, both those resulting from the spectacular collapse of heavy stars and the giant black holes found at the centres of galaxies, she separates scientific fact from science fiction and demonstrates the important role they play in the cosmos.
