Doctor Who: Plague of the Cybermen on Apple Books

The Plague Doctor Beak Doctor Schnabel, plague doctor, circa Rome 1656. So as we mentioned earlier, the plague doctor costume didn't come about until after they had already been established. But that's really neither here nor there. Now you might think the bird mask was purely symbolic. Hey, they look like crows and crows are symbols of death, right?

Who Were the Plague Doctors? Why Did They Have Bird Masks ...

In 17th-century Europe, the physicians who tended to plague victims wore a costume that has since taken on sinister overtones: they covered themselves head to toe and wore a mask with a long bird...

Why plague doctors wore those strange beaked masks

In her short story The Plague Doctors, Dr. Lord envisioned what life on a small island during a pandemic might look like. Now, she reflects on foreseeing some of today's challenges and solutions in her latest blog post. Note: The following post originally appeared on the William Temple Foundation Blog and has been republished with permission.

The Plague Doctors: a Short Story Imagining the Pandemics ...

When the Doctor arrives in the 19th-century village of Klimtenburg, he discovers the residents suffering from some kind of plague — a “wasting disease”. The victims face a horrible death — but what's worse, the dead seem to be leaving their graves. The Plague Warriors have returned!
