Required reading for anyone who wants to understand how to work within Congress. The House and Senate have unique rules and procedures to determine how legislation moves from a policy idea to law. Evolved over the last 200 years, the rules of both chambers are designed to act as the engine for that process. Each legislative body has its own leadership positions to oversee this legislative process. To the novice, whether a newly elected representative, a lawmaker's

staff on her first day at work, or a constituent visiting Washington, the entire process can seem incomprehensible. What is an open rule for a House Appropriations bill and how does it affect consideration? Why are unanimous consent agreements needed in the Senate? The authors of *Inside Congress*, all congressional veterans, have written the definitive guide to how Congress really works. It is the accessible and necessary resource to understanding and interpreting procedural tools, arcane precedents, and the role of party politics in the making of legislation in Congress.

The Citizen Bee is a national competition for high school students sponsored by the Close Up Foundation. The main guide is a survey of U.S. history, culture, government, economics, and geography addressed to students and designed to prepare them for that competition. The guide is divided into 13 chapters: (1) "The Revolutionary Spirit," (2) "A Nation Emerges," (3) "Triumph of the Nation," (4) "An Era of Reform," (5) "Emergence as a World Power," (6) "The

Sixties and After," (7) "The Constitution," (8) "The Legislative Branch," (9) "The Executive Branch," (10) "The Judicial Branch," (11) "The Electoral Process," (12) "Principles and Practice" (concerning economics), and (13) "America's Land and People." Each chapter opens with a short essay followed by 75 to 100 questions on the chapter topic, some of which are based on maps, charts, and graphs. Appendix 1 contains the U.S. Constitution. Appendix 2 points out aspects of U.S. political thought and government that students should be familiar with. A glossary and a 29-item bibliography

are also included. Students entering the competition are responsible for knowing all the information presented in the book; they must also read and understand the information in the appendices, locate the 50 states and their capitals on a map of the United States, and locate all nations mentioned in the book on a map of the world. While intended for those entering the competition, the guide could be used by any student studying the United States. The Coordinator's and Teacher's Guide accompanying the student book provides information for coordinating the competition at the school level and for

and the health professions; in their daily work, clinicians see the problems with the health care system but often feel powerless and unsure how to advocate for system changes. Clinicians and Health Care Advocacy is written by clinicians for clinicians and focuses on how policy works and what individual professionals can do to affect policy. It looks at the facts and processes in an accessible way that employs case-based examples of clinician advocacy to illustrate its points. The book is nonpartisan and will stay neutral on preferences for one public policy solution versus another (single payer
