The legend of Faust grew up in the sixteenth century, a time of transition between medieval and modern culture in Germany. Johann Wolfgang von Goethe (1749-1832) adopted the story of the wandering conjuror who accepts Mephistopheles's offer of a pact, selling his soul for the devil's greater knowledge; over a period of 60 years he produced one of the greatest dramatic and poetic masterpieces of European literature. David Luke's recent translation, specially commissioned for The World's Classics series, has all the virtues of previous classic translations of Faust, and none of their shortcomings. Cast in rhymed verse, following the original, it preserves the essence of Goethe's meaning without sacrifice to archaism or over-modern idiom. It is as near an 'equivalent' rendering of the German as has been achieved. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Enduring legend of the old philosopher who sells his soul to the devil in exchange for knowledge and power, profoundly retold in poetic form by one of the giants of literature.

"Parts One and Two published separately ... in 1992 and 1998."--Title page verso.

Single-volume edition of the complete work in the Bayard Taylor translation. Part One covers Faust's pact with Mephistopheles and seduction of an innocent girl; Part Two relates his courtship of Helen of Troy and his salvation.

Presents Goethe's masterpiece about a troubled man who sells his soul to the devil

Loosely connected with Part One and the German legend of Faust, Part Two is a dramatic epic rather than a strictly constructed drama. It is conceived as an act of homage to classical Greek culture and inspired above all by the world of story-telling and myth at the heart of the Greek tradition, as well as owing some of its material to the Arabian Nights tales. The restless and ruthless hero, advised by his cynical demon-companion Mephistopheles, visits classical Greece i search of the beautiful Helen of Troy. Returning to modern times, he seeks to crown his career by gaining control of the elements, and at his death is carried up into the unkown regions, still in pursuit of the 'Eternal Feminine'. David Luke's translation of Part One won the European Poetry Translation Prize. Here he again imitates the varied verse-forms of the original, and provides a highly readable - and actable - translation, supported by an introduction, full notes, and an index of classical mythology.
