Who was Jeffrey Epstein? A Pulitzer Prize-nominated journalist unearths never-before-reported details in the most comprehensive account yet of the disgraced financier's life, death, and criminal web, including the role of Ghislaine Maxwell. An ID Book Club Selection By now, the basic contours of Jeffrey Epstein's horrendous crimes--his decades-long serial abuse of young women and underage girls--are familiar. But for all that has been written about Epstein since his shocking death in a lower Manhattan jail cell, an astonishing amount remains unknown. A shy Brooklyn kid turned renegade financier, Jeffrey Epstein never wanted to play by the rules of polite society. He was elusive in life and he has remained just as elusive in death. What is known is that he had amassed nearly \$600 million by the time of his death. That fortune allowed Epstein to pursue a privileged, secretive life, jetting between his fortress-like homes in Manhattan, New Mexico, and Little St. James, his private island. Behind these closed doors, Epstein socialized with scientists and world leaders and preyed on powerless young women. In *The Spider*, Barry Levine shines a light into the darkest corners of Epstein's world, including - Epstein's young adulthood and earliest accusations of sexual misconduct - the murky sources of Epstein's fortune and business dealings - Epstein's circle of confidantes and employees, particularly the nature of his long relationship with socialite Ghislaine Maxwell - his ties to powerful men, including Bill Clinton, Prince Andrew, Les Wexner, and Donald Trump - Epstein's last hours as a free man in Paris and the secret operation to arrest him at a New Jersey airport before he could flee - new details on Epstein's final days in jail and the mystery surrounding his death Featuring rare and never-before-seen photographs, *The Spider* exposes how Epstein operated and evaded justice for so long--and how he drew so many others into his criminal web.

“A thrilling page-turner about the pursuit of justice” (New York Post), this is the definitive story of the case against Jeffrey Epstein, Ghislaine Maxwell, and the corrupt system that supported them, told in thrilling detail by the lawyer who has represented their victims for more than a decade. In June 2008, Florida-based victims' rights attorney Bradley J. Edwards was thirty-two years old and had just started his own law firm when a young woman named Courtney Wild came to see him. She told a shocking story of having been sexually coerced at the age of fourteen by a wealthy man in Palm Beach named Jeffrey Epstein. Edwards, who had never heard of Epstein, had no idea that this moment would change the course of his life. Over the next ten years, Edwards devoted himself to bringing Epstein to justice, and came close to losing everything in the process. Edwards tracked down and represented more than twenty of Epstein's victims, shined a light on his shadowy network of accomplices, including Ghislaine Maxwell, and uncovered the scope of his sexually exploitative organization, which reached into the highest levels of American society. In this “reveatory exploration of the long fight to bring a monstrous man to justice” (Kirkus Reviews, starred review), Edwards gives his riveting, blow-by-blow account of battling Epstein on behalf of his clients, and provides stunning details never shared before. Epstein and his cadre of high-priced lawyers were able to manipulate the FBI and the Justice Department, but despite making threats and attempting schemes straight out of a spy movie, Epstein couldn't stop Edwards, his small team of committed lawyers, and, most of all, the victims, who were dead-set on seeing their abuser finally put behind bars.

This is--for the first time--the full and unedited story behind the sick life and mysterious death of Jeffrey Epstein that is being called one of the most significant scandals in American history He was the billionaire financier and close confidant of presidents, prime ministers, movie stars and British royalty, the mysterious self-made man who rose from blue-collar Brooklyn to the heights of luxury. But while he was flying around the world on his private jet and hosting lavish parties at his private island in the Caribbean, he also was secretly masterminding an international child sex ring--one that may have involved the richest and most influential men in the world. The conspiracy of corruption was an open secret for decades. And then in the summer of 2019, it all came crashing down. After his arrest on sex trafficking charges in July 2019, it seemed Epstein's darkest secrets would finally see the light. But hopes for true justice were shattered on August 10, when he was found dead in his cell at the Metropolitan Correctional Center, New York. The verdict: suicide. The timing: convenient, to say the least. Now, Epstein: Dead Men Tell No Tales delivers bombshell new revelations, uncovers how the man President Trump once described as a “terrific guy” abused hundreds of underage girls at his mansions in Palm Beach and Manhattan... all while entertaining the world's most powerful men--including President Clinton, Prince Andrew, and Donald Trump himself. How much did they know about his perversions? And did they take part? How might they have helped him to continue his abuse, and to escape justice for it? What responsibility might they have for his sudden, shocking death? And is there a shocking spy and blackmail story at the heart of the scandal? The answers to these questions and more will be explored in Epstein: Dead Men Tell No Tales with groundbreaking new reporting, never-before-seen court files, and interviews with new witnesses and confidants. Combining the very best investigative reporting from investigative journalists Dylan Howard, Melissa Cronin and James Robertson--who have been covering the case for close to a decade--will send shockwaves through the highest levels of the establishment.

Advocate and abolitionist Conchita Sarnoff risked her life to tell the truth about a Wall Street billionaire hedge fund manager who is now a level-3 registered sex offender. Trafficking uncovers a child sex trafficking case of epic proportions and the longest-running human trafficking case in U.S. legal history--more poignant than the Lewinsky case, Watergate scandal, and Profumo affair combined. Eleven years after the registered level-3 sex offender was arrested, four cases associated with his 2005 criminal investigation remain open. The pedophile was not prosecuted under The Trafficking Victims Protection Act (TVPA), a law enacted in Florida in 2000. In this gripping exposé, Sarnoff finds out why. Trafficking is a true story exposing the dark side of the human condition: avarice, lust, power, and influence peddling at the highest levels of government.
