Whether students become accountants or managers, business owners or bankers, it is important that they understand the nature of financial reporting and how the decisions made by managers affect corporations. Financial Accounting, 6th edition will provide students with a succinct, accessible and coherent introduction to basic financial accounting concepts combined with a strong focus on the use of financial accounting information. KEY TOPICS: The Financial Statements; Recording Business Transactions; Accrual Accounting and the Financial Statements; Cash and Receivables; Inventory and Cost of Goods Sold; Property, Plant, and Equipment, and Intangible Assets; Investments and the Time Value of Money; Liabilities; Shareholders' Equity; The Statement of Cash Flows; Financial Statement Analysis MARKET: Appropriate for Introduction to Financial Accounting courses.

Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. Effective Police Supervision provides readers with an understanding of the group behaviors and organizational dynamics necessary to understand the fundamentals of police administration. The Effective Police Supervision Study Guide, which includes quizzes and other study tools, gives students, as well as professionals training for promotional exams, a way to review the material and be fully prepared for examinations and the world of police supervision. This new edition, like the new edition of the textbook it accompanies, includes information on the following topics: police accountability, police involvement with news media, dealing with social media, updates on legal considerations, and avoiding scandals.

Closely examine the impact of today's changing, competitive environment on commercial banks and banking services, as well as the entire financial services industry, with Koch/MacDonald's BANK MANAGEMENT, 8E. This new edition reflects the latest changes and developments, from complete regulatory updates to details of the many programs evolving amidst today's financial crises. Whether your students are practicing or future professionals, they will gain a better understanding of the risks associated with loans and securities, the process of securitization, excessive leverage and inadequate liquidity. Core business models demonstrate value core operating earnings versus trading as well as price- and volume-driven profits. The book provides a framework for developing effective strategies that ensure a proper balance between management's profit targets and allowable risk taking. The book's unique approach to understanding commercial bank management from a decision-making perspective presents actual bank managers making strong financial decisions. Your students clearly see how decisions in one area affect performance and opportunities in other areas. Students gain a solid foundation in the key issues confronting managers today as they become familiar with basic financial models used to formulate decisions and better understand the strengths and weaknesses of data analysis. With the help of this latest edition, students develop the logical thought processes needed to achieve strong financial and management results. Financial Reporting & Analysis (FR&A) by Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and-most importantly understand how and why managers can utilize the flexibility in GAAP to manipulate the numbers for their own purposes.

Gain a focused understanding of today's corporate finance and financial management with the market-leading approach in Brigham/Houston's FUNDAMENTALS OF FINANCIAL MANAGEMENT, CONCISE EDITION, 8E. This book's unique balance of clear concepts, contemporary theory, and practical applications helps readers better understand the concepts and reasons behind corporate budgeting, financing, and working capital decision making. Numerous practical examples, proven end-of-chapter applications, and Integrated Cases demonstrate theory in action, while Excel Spreadsheet Models help readers master this software tool. It's a book designed to put each reader first in finance. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
