When the SR22 appeared, Cirrus had just certified a 100-pound upgrade for the SR20, giving it a 3000-pound gross weight with a useful load of about 1030. On equivalent fuel, the SR22 enjoys a 120-pound advantage. Many owners, however, say the SR22 is typically flown with one or two people aboard, full fuel and all the baggage you can stuff inside.
