It includes the pamphlets that highlight the key points to be presented by the instructor, as well as the group activities to be performed and the questionnaires to be answered by the students in class. This book is a compilation of the pamphlets provided by OSHA for the 13 classes of the OSHA 10-Hour course, plus my own selection of handouts to cover the remaining 11 classes of the OSHA 30-Hour course.

(Last updated on May 2018) This book contains handouts for the OSHA Outreach Training Program's 30-Hour General Industry course. It includes pamphlets that highlight the key points to be presented by the instructor, as well as the quizzes to be used as knowledge checks during class. This book is a compilation of reading materials relevant to each class in the course, including the ones provided by OSHA specifically for the Introduction to OSHA class plus other materials provided in the Publications section at osha.gov. The quizzes were extracted from the PowerPoint presentations also provided by OSHA for this course.

"It goes a long way in mapping out the agenda for health and safety professionals in this most dangerous and populous industry." Annals of Occupational Hygiene, Derby, United Kingdom

Changes in working practices and conditions in the construction industry over the past decade have meant that the competent authorities, health and safety committees, management or employers' and workers' organizations, in particular, should take a fresh look at such aspects as the safety of workplaces, health hazards, and construction equipment and machinery. This code of practice takes account of new areas in the sector which require improved health and safety practices and other protective measures.
