Una obra maestra de la literatura que relata la degeneración progresiva de la familia Compson, sus secretos y las relaciones de amor y odio que la sostienen y la destruyen. Por primera vez, William Faulkner introduce el monólogo interior y revela los diferentes puntos de vista de sus personajes. El libro se cierra con un apéndice que descubrirá al lector los entresijos de esta saga familiar de Jefferson, Mississippi, conectándola con otros personajes de Yoknapatawpha, territorio creado por Faulkner como marco de muchas de sus novelas. English Description "I give you the mausoleum of all hope and desire. . . . I give it to you not that you may remember time, but that you might forget it now and then for a moment and not spend all of your breath trying to conquer it. Because no battle is ever won he said. They are not even fought. The field only reveals to man his own folly and despair, and victory is an illusion of philosophers and fools. "

--from *The Sound and the Fury* *The Sound and the Fury* is the tragedy of the Compson family, featuring some of the most memorable characters in literature: beautiful, rebellious Caddy; the manchild Benjy; haunted, neurotic Quentin; Jason, the brutal cynic; and Dilsey, their black servant. Their lives fragmented and harrowed by history and legacy, the character's voices and actions mesh to create what is arguably Faulkner's masterpiece and one of the greatest novels of the twentieth century.

Skylark is the story of the tormented but glorious life and career of Johnny Mercer, and the first biography of this enormously popular and influential lyricist. Raised in Savannah, Mercer brought a quintessentially southern style to both his life in New York and to his lyrics, which often evoked the landscapes and mood of

his youth ("Moon River", "In the Cool, Cool, Cool of the Evening"). Mercer also absorbed the music of southern blacks--the lullabies his nurse sang to him as a baby and the spirituals that poured out of Savannah's churches--and that cool smooth lyrical style informed some of his greatest songs, such as "That Old Black Magic". Part of a golden guild whose members included Cole Porter and Irving Berlin, Mercer took Hollywood by storm in the midst of the Great Depression. Putting words to some of the most famous tunes of the time, he wrote one hit after another, from "You Must Have Been a Beautiful Baby" to "Jeepers Creepers" and "Hooray for Hollywood." But it was also in Hollywood that Mercer's dark underside emerged. Sober, he was a kind, generous and at times even noble southern gentleman; when he drank, Mercer tore into friends and strangers alike with vicious abuse. Mercer's wife Ginger, whom he'd bested Bing Crosby to win, suffered the cruelest attacks; Mercer would even improvise cutting lyrics about her at parties. During World War II, Mercer served as America's troubadour, turning out such uplifting songs as "My Shining Hour" and "Ac-cent-tchu-ate the Positive." He also helped create Capitol Records, the first major West Coast recording company, where he discovered many talented singers, including Peggy Lee and Nat King Cole. During this period, he also began an intense affair with Judy Garland, which rekindled time and again for the rest of their lives. Although they never found happiness together, Garland became Mercer's muse and inspired some of his most sensuous and heartbreaking lyrics: "Blues in the Night," "One for My Baby," and "Come Rain or Come Shine." Mercer amassed a catalog of over a thousand songs and during some years had a song in the Top Ten every week of the year--the songwriting equivalent of Joe DiMaggio's hitting streak--but was plagued by a sense of failure and bitterness over the big Broadway hit that seemed forever out of reach. Based on scores of interviews with friends, family and colleagues, and drawing extensively on Johnny Mercer's letters, papers and his unpublished autobiography, Skylark is an important book about one of the great and dramatic characters in 20th century popular music.

"Drawing from history, ethnography, and anthropology, Furia speaks to Afro-Cuban heritage, magic, syncretic religion, and legacies of displacement and assimilation. With a poetic style that centers on narrative, the lyric and dramatic monologue, Menes brings to life a distinct mesh of grit and beauty, sound and sight, in a sweep of symphonious measures that celebrates as it delights."--Jacket.

An instant New York Times Bestseller Finalist for the Dayton Literary Peace Prize A Read with Jenna Today Show Book Club Pick! "A thrilling debut that deserves your attention." – Ron Charles, the Washington Post
Written with the haunting emotional power of Elizabeth Strout and Barbara Kingsolver, an astonishing debut novel that explores the lingering effects of a brutal crime on the women of one small Texas oil town in the 1970s, longlisted for the Center for Fiction First Novel Prize and the VCU Cabell First Novel Award. Mercy is hard in a place like this . . . It ' s February 1976, and Odessa, Texas, stands on the cusp of the next great oil boom. While the town ' s men embrace the coming prosperity, its women intimately know and fear the violence that always seems to follow. In the early hours of the morning after Valentine ' s Day, fourteen-year-old Gloria Ram í rez appears on the front porch of Mary Rose Whitehead ' s ranch house, broken and barely alive. The teenager had been viciously attacked in a nearby oil field—an act of brutality that is tried in the churches and barrooms of Odessa before it can reach a court of law. When justice is evasive, the stage is set for a showdown with potentially devastating consequences. Valentine is a haunting exploration of the intersections of violence and race, class and region in a story that plumbs the depths of darkness and fear, yet offers a window into beauty and hope. Told through the alternating points of view of indelible characters who burrow deep in the reader ' s heart, this fierce, unflinching, and surprisingly tender novel illuminates women ' s strength and vulnerability, and reminds us that it is the stories we tell ourselves that keep us alive.
