Thirty years later, Germaine Greer is ready to get angry again. In *The Whole Woman*, she analyzes, among other issues, the invasive ways in which the health industry persuades women to have their bodies and reproductive systems "managed." Greer lays out the facts about the high failure rate and devastating side effects of in vitro fertilization and the incongruence between the "success" of breast implants in achieving the "perfect" mammary to please men and the continuing

The Female Eunuch, a cleverly titled book whose core argument, as she recently summarized it, was that "every girl child is conceived as a whole woman but from the time of her birth to her death she is progressively disabled." As summary, that is accurate enough, but it fails to capture the qualities in the book that provoked such a remarkable mixture of admiration and outrage when it was published.
