A summer's worth of great learning from the trusted editors of Weekly Reader!

Equity Assistance Centers (US Department of Education Regulation) (ED) (2018 Edition) The Law Library presents the complete text of the Equity Assistance Centers (US Department of Education Regulation) (ED) (2018 Edition). Updated as of May 29, 2018 The Secretary amends the regulations that govern the Equity Assistance Centers (EAC) program, authorized under Title IV of the Civil Rights Act of 1964 (Title IV), and removes the regulations that govern the State Educational Agency Desegregation (SEA Desegregation) program, authorized under Title IV. These regulations govern the application process for new EAC grant awards. These regulations update the definitions applicable to this program; remove the existing selection criteria; and provide the Secretary with flexibility to determine the number and composition of geographic regions for the EAC program. This book contains: - The complete text of the Equity Assistance Centers (US Department of Education Regulation) (ED) (2018 Edition) - A table of contents with the page number of each section

Inquiry-based general science curriculum for the third grade featuring a text/workbook that students can write in.

This book is written from the unique perspective of school board members who lead and serve districts of all sizes-urban, suburban, and rural. It responds to questions and concerns that have been raised countless times over the years. Five Habits of High-Impact School Boards is intended to be an easily accessible, down-to-earth guidebook, providing succinct, to-the-point information that school board members and superintendents can put to immediate use.

A leading economic historian traces the evolution of American capitalism from the colonial era to the present—and argues that we’ve reached a turning point that will define the era ahead. “A monumental achievement, sure to become a classic.”—Zachary D. Carter, author of *The Price of Peace* In this ambitious single-volume history of the United States, economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country’s economic evolution is inseparable from the nature of American life itself. The Age of Commerce spans the colonial era through the outbreak of the Civil War, and the Age of Capital traces the lasting impact of the industrial revolution. The volatility of the Age of Capital ultimately led to the Great Depression, which sparked the Age of Control, during which the government took on a more active role in the economy, and finally, in the Age of Chaos, deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008. In *Ages of American Capitalism*, Levy proves that capitalism in the United States has never been just one thing. Instead, it has morphed through the country’s history—and it’s likely changing again right now. “A stunning accomplishment . . . an indispensable guide to understanding American history—and what’s happening in today’s economy.”—*Christian Science Monitor* “The best one-volume history of American capitalism.”—Sven Beckert, author of *Empire of Cotton*
