Appropriate for Calculus courses taken by Engineering students, this second edition of Calculus for Engineers should be of interest to engineers who are studying calculus. Using an early transcendental approach, Trim emphasizes practical applications drawn from various engineering fields.

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

The previously untold story of the Zenith Trans-Oceanic, the world's most romantic and expensive series of portable radios. Long a companion of kings, presidents, transoceanic yachtsmen and world explorers, the Trans-Oceanic was also carried into battle by American troops in three wars. Its great popularity in spite of a very high price can be laid at the feet of several generations of armchair travelers who used the shortwave capabilities of the Trans-Oceanic as a window on the world. With access to the Zenith corporate archives and their long experience as radio enthusiasts and writers for both the popular and scholarly press, Professors Bryant and Cones present the engrossing stories of the development and use of the Trans-Oceanic throughout its forty year life. They present a wealth of never-before published photographs, documents and information concerning these fascinating

radios, their collection, preservation and restoration.

I, WOZ offers readers a unique glimpse into the offbeat and brilliant but ethical mind that conceived the Macintosh. After 25 years avoiding the public eye, Steve Wozniak reveals the full story of the Apple computer, from its conception to his views on the iconic cult status it has achieved today. In June 1975 Steve's curiosity and determination inspired him to build a computer, the first Apple. Six months later, he sold the machine, and for the self-professed 'engineer's engineer', success was imminent. But this story is full of life lessons, critical decisions, huge triumphs and big mistakes. Steve speaks also of his childhood, phone hacking pranks, working at Hewlett-Packard, the life-changing plane crash and teaching.

Ensuring students meet the competencies outlined in the Quad Council of Public Health Nursing Organizations (ACHNE, 2011) and AACN's (2008) publication Essentials of Baccalaureate Education for Professional Nursing Practice Community and Public Health Nursing, the 3rd Edition of Community & Public Health is a primer to community, public, and population health nursing that develops students' abstract critical thinking skills and complex reasoning abilities through case studies, exercises, and examples throughout the highly illustrated text. Authors DeMarco & Healey-Walsh introduce public health concepts from an evidence-based perspective, allowing students to make connections between data and practice decisions. Because evidence-based practice guides quality

performance improvements, the authors teach students to gather, assess, analyze, apply, and evaluate evidence— derived from epidemiology and other sources— for making public health practice decisions and for planning the care of individuals, families, and groups in the community. Examples assist students in interpreting and applying statistical data. The authors integrate timely topics (major challenges to nursing practice in the community, community and public health nursing specialties, cultural diversity, health disparities, globalism, epidemiology and basic biostatistics, and ethical considerations, Preventative immunizations, political proactiveness, advanced practice preparation, sustainable health goals, ebola, telehealth, opioid epidemic, veterans and LBGQ as a underserved populations, iPrepare, health literacy, health promotion conferences, and Healthy People 2020.) Special attention will be given to add additional features and ancillaries that allow students to actively learn. Healthy People 2020, and students will complete short active learning activities/questions will allow students apply the goals to real-life scenarios. NEW to this edition's ancillary package are unfolding case studies related to our new clinical replacement solution Lippincott Clinical Experiences: Community, Public, and Population Health. Our PowerPoints have been enhanced and are now heavily illustrated.
