Horizon Instruments uses patented software technologies to bring to the aviation instrument panel an Electronic Digital Engine Tachometer. The P-1000 is light-weight, accurate under all operating conditions, easy to install and maintain, and easy to view. Additionally, it provides diagnostic and performance information about the aircraft engine and ignition system not normally available with current mechanical or electrical/electronic tachometers.

On Horizon, your user account can be shared across your IP handset, your desktop client, and mobile client, if applicable. This means that if a call is delivered to your user account, it will access all clients attached to the service, as well as your IP handset. This allows you to take the call using a device of your choice.
