I read the previous books in this series was entertained, but in "Hounded" I got to 67% and just couldn't continue, When reading Hounded By the Gods I wondered if the authors have ever been to Seattle or the Pacific Northwest. Seems like they did little research on the area that they're writing about or its peoples.

Unfortunately, a very angry Celtic god wants that sword, and he's hounded Atticus for centuries. Now the determined deity has tracked him down, and Atticus will need all his power - plus the help of a seductive goddess of death, his vampire and werewolf team of attorneys, a bartender possessed by a Hindu witch, and some good old-fashioned luck of the Irish - to kick some Celtic arse and deliver himself from evil.

Now the determined deity has tracked him down, and Atticus will need all his power - plus the help of a seductive goddess of death, his vampire and werewolf team of attorneys, a sexy bartender possessed by a Hindu witch, and some good old-fashioned luck of the Irish - to kick some Celtic arse and deliver himself from evil.

Book Review: Hounded by God

When rivers run red with blood, you know that the gods are hard at work. And so am I. My name's Vic Stratton, and I'm on a mission to kill the gods. But first I have to find them. Thanks to my new friend SplitScreen, I got a tip about shady government activity in the middle of Nowhere, Oregon. But what seems to be a wild goose chase soon descends into utter madness when I'm hunted by a one armed god of war and his horde of rampaging followers. And if they don't kill me first, I may just start breaking jaws in this backward town. What's with these locals anyways? It's like they don't want me to discover the truth. You'd think being humanity's hero would buy me some respect.

A Companion to Tragedy is an essential resource for anyone interested in exploring the role of tragedy in Western history and culture. Tells the story of the historical development of tragedy from classical Greece to modernity Features 28 essays by renowned scholars from multiple disciplines, including classics, English, drama, anthropology and philosophy Broad in its scope and ambition, it considers interpretations of tragedy through religion, philosophy and history Offers a fresh assessment of Ancient Greek tragedy and demonstrates how the practice of reading tragedy has changed radically in the past two decades

Seventy percent of Americans believe in hell, as do 92 percent of those who attend church every week. In her candid and inviting style, Baker explores and ultimately refutes many traditional views of hell.

The Mahapuranas embody the received tradition of Hindu mythology. This anthology contains fresh translations of these myths, only a few of which have ever been available in English before, thus providing a rich new portion of Hindu mythology. The book is organized into six chapters. "Origins" contains myths relating to creation, time, and space. "Seers, Kings and Supernaturals" relates tales of rivers, trees, animals, demons, and men, particularly heroes and sages. Myths about the chief gods are dealt with in three separate chapters: Krsna, Visnu, and Siva. The chapter The Goddess presents stories of the wives and lovers of the gods, as well as of Kali, the savage battle goddess. In their introductions, the editors provide a historical setting in which to discuss Hindu mythology as well as a full analysis of its basic sources. The many names are given the original. The editors have provided a thorough glossary to make these names accessible.

Book Review: Hounded by God

Welcome to the Essential Novelists book series, were we present to you the best works of remarkable authors. For this book, the literary critic August Nemo has chosen the two most important and meaningful novels of Sir H. Rider Haggardwhich are She and King Solomon's Mines. Sir Henry Rider Haggard was an English writer of Adventure fiction set in exotic locations, predominantly Africa, and a pioneer of the Lost World literary genre. His stories, situated at the lighter end of Victorian literature, continue to be popular and influential. Novels selected for this book: - She - King Solomon's Mines This is one of many books in the seriesEssential Novelists. If you liked this book, look for the other titles in the series, we are sure you will like some of the authors.

'The most truthful translation ever, conveying as many nuances and whispers as are possible from the original' The Times
After a century of civil strife in Rome and Italy, Virgil wrote the Aeneid to honour the emperor Augustus by praising his legendary ancestor Aeneas. As a patriotic epic imitating Homer, the Aeneid also set out to provide Rome with a literature equal to that of Greece. It tells of Aeneas, survivor of the sack of Troy, and of his seven-year journey: to Carthage, where he falls tragically in love with Queen Dido; then to the underworld,; and finally to Italy, where he founds Rome. It is a story of defeat and exile, of love and war, hailed by Tennyson as 'the stateliest measure ever moulded by the lips of man'. Translated with an Introduction by DAVID WEST

More than six centuries ago a stranger stumbled on a village in a remote valley in Northern Italy, seeking refuge from vengeance in the world outside. But there was something different about the valley, something strange about its people. Nothing was as it seemed. Did chance take him there, or were greater forces at work, calling him to play a role? Guided by fate, he would find himself at the center of an ancient mystery--and for a time the heritage of civilizations would rest in his hands. Before he was done, he would devise a gift like none before and vanish into history, leaving behind the seeds of rebirth and hope for future generations... Sanctuary of the Gods is vividly told, bringing history to life for its readers. The main story takes place at the dawn of the Renaissance, when European civilization was beginning its painful rise back towards the heights it had achieved in the days of Greece and Rome. There are also three detailed flashbacks to earlier periods: -A similar time more than 2,000 years before, when Greek civilization first began -The high point of Greek civilization in the age of Alexander The Great -Rome's decline, in the years following the Empire's conversion to Christianity. Sanctuary of the Gods is a story of survival against all odds, of human triumph over death and annihilation. It shows how a tiny village in Northern Italy became the last secret sanctuary of the old pagan religion, surviving through nine hundred years in hiding only to perish in the Black Death that swept Europe in 1348, and how, in those dark and terrifying days, a handful of survivors created the Tarot cards so that the heart of their religion would not perish with the sanctuary, but would survive in a hostile world, its origins forgotten, until the time was right for its rediscovery. For readers who are intrigued by the story and want to get to the heart of it, to discover the truth behind the things they've read, an appendix is provided. There, in 120 pages complemented by numerous illustrations, what at first seems too incredible to be anything but fiction is transformed by the evidence into compelling fact. Sanctuary is beautifully written with a clarity that brings the past to life and holds the reader's interest from beginning to end. For a Pagan or Tarot enthusiast, or for lovers of historical fiction, its appeal is apparent. But the story is powerful, and even readers who have never been interested in these subjects will find the book hard to put down. It gains the readers's attention because the characters and scenes described are lively and interesting, and because its vision is fresh and new, entirely unexpected. Be prepared for some surprises: the view from the Sanctuary is not like anything you have ever seen before...

In a collection of epic cyclical stories woven together, the author explores the myths and legends of India, chonicing the exotic worlds of the Devas, Siva, Brahma, Vishnu, the Mahabharata, and the Buddha.

Sport is extremely popular. This ground-breaking book explains why. It shows that sport has everything to do with our deepest identity. It is where we resonate with the most-basic nature of reality. A Brief Theology of Sport sweeps across the fields of church history, philosophy and Christian doctrine, drawing the reader into a creative vision of sport.
