This guide offers helpful advice on how teachers, administrators, and career advisers in science and engineering can become better mentors to their students. Noelle Molé Liston's *The Truth Society* seeks to understand how a period of Italian political spectacle, which regularly blurred fact and fiction, has shaped how people understand truth, mass-mediated information, scientific knowledge, and forms of governance. Liston scrutinizes Italy's late twentieth-century political culture, particularly the impact of the former prime minister and media mogul Silvio Berlusconi. By doing so, she examines how this truth-bending political era made science, logic, and rationality into ideas that needed saving. With the

prevalence of fake news and our seeming lack of shared reality in the "post-truth" world, many people struggle to figure out where this new normal came from. Liston argues that seemingly disparate events and practices that have unfolded in Italy are historical reactions to mediatized political forms and particular, cultivated ways of knowing. Politics, then, is always sutured to how knowledge is structured, circulated, and processed. The Truth Society offers Italy as a case study for understanding the remaking of politics in an era of disinformation.

Freeman (Doc), the head coach of the Texas Southern University (TSU) Debate Team, I knew the two-time academy award winner searched for and selected the best debate coach in the country. Why did Denzel Washington take time out of his busy schedule to come all the way to Houston, Texas to visit Dr. Freeman in his

office on the campus of Texas Southern University? In preparation for the movie The Great Debaters, Denzel Washington and the cast sought the advice and consultation of Dr. Freeman and members of the TSU Debate Team to give them real insight into how ordinary students are transformed into extraordinary communicators. Public Speaking the Freeman Way was conceived out of my desire to honor Dr. Freeman by sharing with the world the Five Universal Laws of public speaking I learned from him as his student. Law I. Master Your Mental Self Principle: Know Thy Powerful Self Law II. Disciplined Preparation Principle: Fail to plan, Plan to fail Law III. Speak Before You Speak Principle:
