Omega's hunted Sienna Nealon since the day she first left her house, and killed countless Directorate agents and operatives. Unveiling their new plot to infiltrate the Directorate, Sienna must track and confront her enemy before they destroy the Directorate forever.

From Million-Selling Author Robert J. Crane...Her mother is missing. A psychotic beast is stalking her. How will she escape?AloneSienna Nealon was a 17 year-old girl who had been held prisoner in her own house by her mother for twelve years. Then one day her mother vanished, and Sienna woke up to find two strange men in her home. On the run, unsure of who to turn to and discovering she possesses mysterious powers, Sienna finds herself pursued by a shadowy agency known as the Directorate and hunted by a vicious, bloodthirsty psychopath named Wolfe, each of which is determined to capture her for their own purposes...UntouchedStill haunted by her last encounter with Wolfe and searching for her mother, Sienna Nealon must put aside her personal struggles when a new threat emerges

USA Today Bestselling author, W.J. May, brings you the Omega Box Set for a limited time. This YA/NA series covers love, betrayal, coming of age, magic and fantasy. Be prepared to fight, it's the only option. BOOK 1 - DISCIPLINE Not every fairytale has a happily ever after... For the first time in hundreds of years, the five kingdoms were at peace. United by the band of young heroes who'd won the Great War, the realm had entered a time of wealth and prosperity unlike anything it had known before. New families. New Beginnings. Old alliances were on the mend. But such a thing can never last. When Katerina and Dylan's teenage daughter finds herself at the center of a strange prediction, she and her friends are swept away on a wild adventure that may very well claim all of their lives. Old evils are lurking the shadows. A secret new darkness is waiting to take hold. Can the new band of heroes stop it in time? Or has their happily ever after finally come to an end? BOOK 2 - BRAVERY How long can you outrun your fate? When Evie and her friends set out to fulfill a long-awaited prophecy, they never thought their adventure would turn into a nightmare before their very eyes. Trapped in a cavern beneath the ground, they find themselves going up against a creature so twisted and terrible, they wouldn't have believed it was real. Their strength is tested and friendships are strained. But as they soon discover, the creature was the least of their problems. The world is shifting. Shadows and darkness are entering the land. Rumors are whispering around the remaining kingdoms. Rumors of a dark and powerful stone. Can the friends find it in time? Or are some prophecies never meant to be? BOOK 3 - COURAGE How time flies... When Evie and her friends find themselves trapped in the sorcerer's cave, they think all is lost. But rescue comes from the most unlikely of people. And with it comes the most terrible truth. With the five kingdoms divided and the realm on the verge of collapse, the prophecy is more urgent than ever. But the road is treacherous and the friends are on the other side of the realm. New alliances must be forged and friendships are tested as they set off to fulfill their destiny, only to find that the fates may have something different in store. Is it possible to pick up the pieces and start again? Can the friends get to the Dunes and find the missing stone in time? More importantly... ..are some sins too terrible to forgive? Be careful who you trust. Even the devil was once an angel. Omega, written by astronomer Camille Flammarion (1842?1925), is no less than an epic history of our future?a startling and unforgettable vision of the end of the world. Reasoned scientific speculation combined with probing philosophical inquiry lend credibility and magnitude to this tale of how humankind will physically and culturally evolve over the next several million years. ø The end begins in the twenty-fifth century, when a comet threatens to collide with the earth. The consequences of that frightening cosmic event are far-reaching, setting in motion a series of physical, psychic, and social changes that will profoundly affect the planet and its people far into the future. The earth?s surface drastically transforms over time. Cultures radically alter, collapse, and fade away. Nations rise and fall, species become extinct, and human beings find themselves at the end of the world, alone and changed in fundamental ways. This melancholic, poetic science fiction tale of things to come is as compelling and disturbing today as when it was first written.

When a smooth operator attacks one of Sienna's friends, she is drawn into a scheme of terror run by one Fortune Renard. Smooth and debonair, Renard seems to be everything Sienna has been lacking in her life. Except the whole supervillain thing. She's had plenty of those cross her path. But everything is not as it seems with Renard, and with every turn and escalation of his plan, Sienna is left wondering - is Renard a villain? An ally? Or is he after something else entirely? Something, like, say...Sienna herself.

Ten years in the British SAS have turned Lacklan Walker into a supreme killing machine. That, and his twisted, dysfunctional family. His father, a Boston Brahmin Billionaire, taught him how to hate. His English Aristocrat mother taught him he didn't belong. And when his only friend and childhood sweetheart, Marni, wanted to teach him how to love, he walked away from her, knowing all he would ever be good at was killing, and war. Now, Robert Walker, his father has called him back to Boston from Wyoming, because Marni has gone missing. But before Lacklan can go looking for her, Walker has to tell him the truth: the truth about who he is, what he has done, who has taken Marni...and why: the truth about Omega. And that truth unleashes in Lacklan a rage, a rage that will not be sated until he has hunted down and killed each and every one of his enemies. This is the dawn of the hunter...

Joining a scientific team originally scheduled to travel to one of Jupiter's moons, tech genius Robert Eisenbraun is put into hibernation against his will and awakens on a hostile Earth where he must defeat a technological adversary of his own making. By the best-selling author of the MEG series. 20,000 first printing.

When three workers go missing from a construction site in the backwoods of Tennessee, Sienna Nealon wouldn't ordinarily be the first choice to look into it. An investigator with a specialty in people with powers, missing persons cases aren't really Sienna's beat. But from the moment she arrives in small town Tennessee, Sienna realizes that nothing is as simple as she was promised. Attacked in the woods, she finds herself facing a dangerous conspiracy with roots that run much deeper than just East Tennessee. And she has to stop it...before she runs out of time.

\* The most important and influential writings of a leader in the field \* Rethinks divine action in light of cosmology, quantum theory, and biology

Born in 1842, Camille Flammarion was a French astronomer who wrote many popular books about science and astronomy, together with a number of novels which we would now consider to be science fiction. He was a contemporary of H. G. Wells and Jules Verne, though his works never achieved their level of popularity. Omega: The Last Days of the World is an English translation of Flammarion's novel La Fin du Monde, published in 1893. The book's fictional premise is the discovery of a comet on a collision course with the Earth in the 25th century. However, this is mostly a pretext on which Flammarion can hang his interesting scientific speculations about how the world will end, together with philosophical thoughts about war and religion. Much of the scientific description he uses in the book, while accurately representing the knowledge and thinking of his time, has today been superseded by modern discoveries. For example, we now know the source of the Sun's energy to be nuclear fusion rather than being due to gravitational contraction and the constant infall of meteorites. When talking about the ills of society, however, Flammarion could well be talking about today's world. For example, he excoriates the vast waste of society's resources on war, and demonstrates how much more productive each nation's economy would be without it. He also depicts the media of his future world as having been entirely taken over by commercial interests, publishing only what will excite the greatest number of readers rather than serving the public interest. Omega ranges over a vast period of time, from prehistory through to millions of years in the future when mankind has been reduced to the last two doomed individuals. Nevertheless, the book ends on a hopeful and inspiring note. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
