~~What's the best way to master options trading? — Quora~~

You may learn all the information available on the topic of trading and never become a professional trader. At least, unless you get your portion of first-hand experience. It is impossible to win every trade. However, it is possible to master your discipline, getting rid of emotions and sticking to the trading system you 've come up with.

~~From a rookie to a professional trader in 4 simple steps~~

Create a routine for the trading day. A routine includes getting up at the same time each day, starting to trade at the same time each day and checking for scheduled economic data releases that may affect the market. Quit trading at the same time each day, and then have a routine for reviewing all trades taken.

~~How to Become Amazing at Day Trading — The Balance~~

Options trading is a type of investing which allows investors to see quick and effective results with limited investments. Trading in options requires a relatively low upfront financial commitment compared to regular stock trading, and there is the potential for incredibly high returns on investment as a result. However, it 's not exactly easy money — options trading also comes with its fair share of risks.
