A NEW YORK TIMES BESTSELLER A remarkable story about the power of friendship. Chosen by Essence to be among the forty most influential African Americans, the three doctors grew up in the streets of Newark, facing city life ' s temptations, pitfalls, even jail. But one day these three young men made a pact. They promised each other they would all become doctors, and stick it out together through the long, difficult journey to attaining that dream. Sampson Davis, George Jenkins, and Rameck Hunt are not only friends to this day—they are all doctors. This is a story about joining forces and beating the odds. A story about changing your life, and the lives of those you love most... together.

Three boys, who made a pact to stick together through the rough times in their impoverished Newark neighborhood, found the strength to work through their difficulties and complete high school, college, and medical school together.

An urgent picture of medical care in our cities, written by an emergency room physician (and co-author of the New York Times bestseller The Pact) who grew up in the very neighborhood he is now serving. " A pull-no-punches look at health care from a seldom-heard sector . . . Living and Dying isn ' t a sky-is-falling chronicle. It ' s a real, gutsy view of a city hospital. " —Essence In this book, Dr. Sampson Davis looks at the healthcare crisis in the inner city from a rare perspective: as a doctor who works on the front line of emergency medical care in the community where he grew up, and as a member of that community who has faced the same challenges as the people he treats every day. He also offers invaluable practical advice for those living in such communities, where conditions like asthma, heart disease, stroke, obesity, and AIDS are disproportionately endemic. Dr. Davis ' s sister, a drug addict, died of AIDS; his brother is now paralyzed and confined to a wheelchair as a result of a bar fight; and he himself did time in juvenile detention—a wake-up call that changed his life. He recounts recognizing a young man who is brought to the E.R. with critical gunshot wounds as someone who was arrested with him when he was a teenager during a robbery gone bad; describes a patient whose case of sickle-cell anemia rouses an ethical dilemma; and explains the difficulty he has convincing his landlord and friend, an older woman, to go to the hospital for much-needed treatment. With empathy and hard-earned wisdom, Living and Dying in Brick City is an important resource guide for anyone at risk, anyone close to those at risk, and anyone who cares about the fate of our cities.

One of the glories of Elizabethan drama: Marlowe's powerful retelling of the story of the learned German doctor who sells his soul to the devil in exchange for knowledge and power. Footnotes.

Traces the experiences of three African-American doctors whose early friendship was marked by their fatherless upbringings; their shared agreement to become physicians; and their efforts to reconnect with their absent fathers.

The acclaimed debut novel by the author of Little Fires Everywhere. " A taut tale of ever deepening and quickening suspense. " —O, the Oprah Magazine " Explosive . . . Both a propulsive mystery and a profound examination of a mixed-race family. " —Entertainment Weekly " Lydia is dead. But they don ' t know this yet. " So begins this exquisite novel about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee, and her parents are determined that she will fulfill the dreams they were unable to pursue. But when Lydia ' s body is found in the local lake, the delicate balancing act that has been keeping the Lee family together is destroyed, tumbling them into chaos. A profoundly moving story of family, secrets, and longing, Everything I Never Told You is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another.
