Coming out of this dedicated movement, Portrait Painting Atelier is an essential resource for an art community still recovering from a time when solid instruction in art technique was unavailable in our schools. Of particular value here is a demonstration of the Old Masters' technique of layering paint over a toned-ground surface, a process that builds from the transparent dark areas to the more densely painted lights.

The art of portraiture approached its apex during the sixteenth century in Europe with the discovery of oil painting when the old masters developed and refined techniques that remain unsurpassed to this day. The ascendance of nonrepresentational art in the middle of the twentieth century displaced these venerable skills, especially in academic art circles.
