Six contest level solos included \* Articulation Studies Specialized for each instrument \* Exercises in Fingering (woodwinds), Flexibility (brass) and Sticking (percussion) \* Ornamentation All types are introduced Generations of musicians have been taught with Rubank methods join the tradition!

One of the most widely used series of methods for individual or like-instrument class instruction. Using a very well-rounded approach including scales, arpeggios, technical studies, studies for musicianship, articulation studies, solos, duets, and studies devoted to the special needs of each instrument, this series provides a fantastic wealth of material for all student musicians.

The second book of Practical Studies is designed to logically extend the techniques already presented in the First Book and also to introduce and develop new techniques and rhythms that will offer a challenge to the intermediate student. Through the use of slightly more difficult and more extended studies, it is hoped that the material included in this book may more fully develop general musicianship and more feeling for style and interpretation and thus act as a foundation for solo literature.

A collection of exercises, for French Horn, composed by Max P. Pottag.

Georg Kopprasch was born sometime before 1800, pursued a career as a horn player at least until 1832, and composed two sets of horn etudes which includes this set of 60 etudes, Op. 6. Most of the etudes focus on technical problems relating to the high range of the Horn.

(Brass Method). The classic scale and arpeggio studies of Gabriel Pares were adapted in the 1940s for like-instrument study by Rubank's Harvey Whistler, and are now the standard for elementary scale instruction. Presenting all the major keys up to four flats/sharps (and the relative minors), each unit also includes long tone and embouchure studies. Supplemental material includes comprehensive chromatic scales, fingering and speed studies, lip slurs (brass) and exercises to strengthen the upper register (woodwinds).

Just how does a brass quintet from Toronto become the most traveled classical act on the scene today? The Canadian Brass, called "The Marx Brothers of Brass" by the New York Times, has been cheered in concerts around the world for over 20 years. Their nearly 30 albums define them as the most successful crossover group in history. This fascinating look into the makings of a musical institution is a story to be enjoyed by musicians and music lovers. Flavored with the whimsy that has become the trademark of the group, the book is an amusing romp through their career, featuring a revealing look into the recording industry, extensive interviews with each player, dozens of amusing anecdotes, and over a hundred photos.
