"It's 1932, and twelve-year-old Cal Black and his pop have been riding the rails for a year after losing their farm in the Great Depression. Cal likes being a "knight of the road" with Pop, even if they're broke. But then Pop has to go to Washington, D.C.—and Cal can't go with him. So Pop tells Cal something he never knew before: He's a Creek Indian, which means Cal is, too. And Pop has decided to send Cal to Challagi Indian School, a government boarding school for Native Americans in Oklahoma. At Challagi, the other Creek boys quickly take Cal under their wing. Even in the harsh, miserable conditions of the school, Cal begins to learn his people's history and heritage, language, and customs. And most of all, he learns how to find strength in a group of friends who have only one another"—Page [4] of cover.

From Joseph Bruchac, the author of the award-winning middle-grade thrillfest Skeleton Man, comes another creepy tale inspired by the folklore of indigenous Americans. Baron has always been fascinated by bears—their gentle strength and untamed power. But the Bearwalker legend, passed down by his Mohawk ancestors, tells of a different kind of creature—a terrible mix of human and animal that looks like a bear but is really a bloodthirsty monster. The tale never seemed to be more than a scary story . . . until a class camping trip deep in the Adirondacks, when Baron comes face-to-face with an evil being that is all too real.

It's out there. I can feel it. And I am not going to wait for it to come for me.

Young Prince Rashko is frustrated with his family - no one does any thinking but him! The kingdom and castle seem to be in the hands of fools. So when Rashko's parents mysteriously disappear and the evil Baron Temny parks his army outside the castle walls, it is up to the young prince to save the day. But there is more to this castle and its history than meets the eye, and Rashko will have to embrace his ancestry, harness a dragon, and use his sword-fighting skills to stop the baron and save the kingdom. Along the way, he realizes that his family is not quite as stupid as he always thought. Master storyteller Joseph Bruchac, known for his smart, gripping Native American books, here combines his signature action and adventure with a large dose of humor, which just brings this story to a whole new level.

As the French and Indian War rages in October of 1759, Saxso, a fourteen-year-old Abenaki boy, pursues the English rangers who have attacked his village and taken his mother and sisters hostage.

Another book in the Little Books of Wisdom series: portable, elegantly packaged inspiration from around the world -- irresistible for the impulse buyer and the serious reader alike.

After falling in love with an Abenaki Indian woman, a white great horned owl named Wabi transforms into a human being and has several trials and adventures while learning to adapt to his new life.
