Sp001 4th Edition The previous STI SP001  
standard did not use a risk-based approach,  
but made the UT testing a requirement on all  
tanks in all conditions. It required  
thousands of readings with some tank  
capacities. The third and fourth editions  
place a much greater emphasis on a risk-based  
approach to the inspection process. SP001

The third and fourth editions place a much greater emphasis on a risk-based approach to the inspection process. The newer editions do specify the number of UT readings to take per square foot of surface area, but they do not necessarily establish specific areas for such readings. The STI SP001 standard expects a certified inspector to use appropriate judgment on where corrosion is most apt to ...
