Broadening the Corporate Governance Agenda: The Corporate Social Responsibility. In recent years, there has been an increasing emphasis on governing corporations according to social and environmental norms and ensuring that the negative externalities associated with them are minimized. When we talk about negative externalities, what we mean are the social and environmental costs that corporations impose on society and which are not factored into the costs incurred by them.

Broadening the Corporate Governance Agenda: The Corporate ...

"The Principles are developed with an understanding that corporate governance policies have an important role to play in achieving broader economic objectives with respect to investor confidence, capital formation and allocation. The quality of corporate governance affects the cost for corporations to access capital for growth and the confidence with which those that provide capital - directly or indirectly - can participate and share in their value-creation on fair and equitable terms.
