Funding for the work, which will include a deer-proof fence around the heritage orchard, came in part from ... because they protect and conserve living historic artifacts of pioneer life.

In the sleepy town of Bratislava in 1933 a romantic girl falls for a bookseller from Berlin. Greta Weissensteiner, daughter of a Jewish weaver, slowly settles in with the Winkelmeier clan just as the developments in Germany start to make waves in Europe. The political climate in the multifaceted cultural jigsaw puzzle of disintegrating Czechoslovakia becomes more complex and affects relations between the couple and the families. The story follows their lot through the war with its predictable and also its unexpected turns and events and the equally hard times after. From the moment that Greta Weissensteiner enters the bookstore where Wilhelm Winkelmeier works, and entrances him with her good looks and serious ways, I was hooked. But this is no ordinary romance; in tact it is not a romance at all, but a powerful, often sad, Holocaust story. What makes The Luck of the Weissensteiners so extraordinary is the chance Christoph Fischer gives his readers to consider the many different people who were never in concentration camps, never in the military, yet who nonetheless had their own indelible Holocaust experiences. Set in the fascinating area of Bratislava, this is a wide-ranging, historically accurate exploration of the connections between social location, personal integrity and, as the title says, luck. I cared about every one of this novel's characters and continued to think about them long after I'd finished reading -- Andrea Steiner, University of California Santa Cruz The Luck of the Weissensteiners is an epic saga set in wartime Eastern Europe. It follows the lives of two families - one Jewish, one Catholic - and their entwined survival amidst the backdrop of the second world war; first the fascist then the communist invasion and occupation of Slovakia, and the horror of the consequences of war. The reader is transported to a world of deception, fear, distrust and betrayal, alongside enduring love and family drama. The characters are vividly painted in the mind of the reader as we follow their journey across Europe at a time of unimaginable challenge and trauma. Weissensteiners is a magnificent tale of human survival. I wish I hadn't read it already so that I may repeat the pleasure of discovering and becoming lost in the story once again. (less)

The bittersweet story of a beautiful young girl coming of age at the dawning of the Civil War. Her heart is filled with hope and a desire for love, yet her innocence makes her a target for the less than trustworthy.

Set in rural Georgia in the 1960s-70s, BREAKING TWIG is a coming-of-age novel about Becky (Twig) Cooper, a young woman trying to survive the physical and emotional abuse of her mother, Helen, a beautiful, calculating woman who can, with a mere look, send the meanest cur in Sugardale, Georgia running for its life. Not even Twig's vivid imagination, keen wit, and dark sense of humor is enough to help her survive the escalating assaults of Helen and a new stepbrother, but help comes from an unexpected source--Frank, her stepfather. Sometimes, having one person who loves and believes in you is all a girl needs to keep hope alive. Over the next eight years, Becky's tumultuous struggle to prevail-becoming neither a "pick" (victim) nor a "picker" (abuser)-finds her bouncing back and forth between Helen's abuse and Frank's tenderness as she fights to win this desperate battle of souls. On Halloween night, she and Helen argue and all lies are stripped away. Now, Becky must make a fateful decision-one that can give her the freedom she craves or destroy forever the new life and love she has finally found.Often raw and irreverent and sprinkled with all the Southern flavoring found in a good bowl of chicken and dumplings, BREAKING TWIG, is about finding love where we least expect it, destroying lives with easy lies, and realizing each of us determine our own truth.

This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development. It is also an essential addition to any personal military history library. This text is used in military ROTC training courses as a basic military history textbook. Volume 1 of 2 volume set.

At once intimate and epic, The Orchardist is historical fiction at its best, in the grand literary tradition of William Faulkner, Marilynne Robinson, Michael Ondaatje, Annie Proulx, and Toni Morrison. In her stunningly original and haunting debut novel, Amanda Coplin evokes a powerful sense of place, mixing tenderness and violence as she spins an engrossing tale of a solitary orchardist who provides shelter to two runaway teenage girls in the untamed American West, and the dramatic consequences of his actions.
