Teaching-Smart-People-How-to-Learn - The-Evolution-The Teaching Smart People How to Learn. Argyris, Chris. Harvard Business Review, v69 n3 p99-109 May-Jun 1991. Professionals frequently are least able to learn because they have rarely experienced learning-related failure and are prone to defensive reasoning. Companies can become learning organizations by helping managers and employees learn to analyze their behavior and learn productively.

ERIC - E3428042 - Teaching-Smart-People-How-to-Learn If you want to be a people smart person and an effective communicator, avoid talking too fast or intense. Be neutral; We do not always talk with people that we admire or appreciate. So if the circumstances force you to interact with unpleasant people, you should not let your emotions rule your conversation. Be non-judgmental, avoid criticism and ask more questions if you would like to understand the root of someone's thinking.
