Technical Standards And Commentaries For Port And Harbour

The Technical Standards offer guidance that supplements the guidance to be found in the Approved Documents (AD) to the Building Regulations. They may contain additional or more stringent Recommendations which experience has shown to be advisable to ensure that the premises remain safe. The Technical Standards are primarily intended to apply to indoor venues.

Technical Standards

Technical commentaries differ from other commentaries in a few ways: (1) They devote significant to space to discussion of technical matters related to the original languages of the Bible – Greek, Hebrew, and Aramaic. People who read and use technical commentaries have training in the original languages. (2) Technical commentaries often value interacting with the latest scholarship as it relates to technical matters, but they are also interested in the latest scholarship regarding topics ...
