As destiny calls, a journey begins. It has been twenty years since the godlike Augurs were overthrown and killed. But when Davian discovers he wields the forbidden power of the Augurs, he and his friends Wirr and Asha set into motion a chain of events that will change everything. Two thousand years after the Races War, the continent of Harith woke up in a dark age. Rumors of war run by the Meltar earldom: the family of the Counts fell, a sect of fanatics took power, establishing a reign of terror, and now longs for the conquest of the other earldoms of the Confederation. In this legendary and cursed land, made of sighs, groans and hopes, overwhelmed by the war and at the mercy of the quick succession of events, something is going to happen, something terrible, something forgotten...

The war is over, but something is rotten in the state of Eidyn. A twisted fantasy road trip from award-winning author Justin Lee Anderson. This character-driven epic mystery, with magic, demons, murder and mayhem ends with a mind-blowing twist that will have readers immediately re-reading the book.

Orson Scott Card's *The Lost Gate* is the first book in the *Mithermages* series from the New York Times bestselling author of *Ender's Game*. Danny North knew from early childhood that his family was different, and that he was different from them. While his cousins were learning how to create the things that commoners called fairies, ghosts, golems, trolls, werewolves, and other such miracles that were the heritage of the North family, Danny worried that he would never show a talent, never form an outself. He grew up in the rambling old house, filled with dozens of cousins, and aunts and uncles, all ruled by his father. Their home was isolated in the mountains of western Virginia, far from town, far from

schools, far from other people. There are many secrets in the House, and many rules that Danny must follow. There is a secret library with only a few dozen books, and none of them in English — but Danny and his cousins are expected to become fluent in the language of the books. While Danny's cousins are free to create magic whenever they like, they must never do it where outsiders might see. Unfortunately, there are some secrets kept from Danny as well. And that will lead to disaster for the North family. With the group fracturing due to the strain of losses from their latest ordeal, thinly veiled suspicions and endless disagreements, it's up to Shyla to forge a new united order. When both the draconian Water Prince and brutal Heliacal Priestess learn of Shyla's new powers, life becomes even more complicated as they will stop at nothing to capture Shyla and take the magic of The Eyes for themselves. Hunted at every turn and unable to hide, Shyla and the Invisible Sword must use every resource at their command - and unearth new ones - in their race to save the city from destruction.
