missions to combat terrorism on US soil. Protecting Dakota. Dakota James's life has become the stuff of nightmares. The leader of the Ansar al-Shari'a terrorist group has become obsessed with her, determined to take her as his wife.

The Sleeper SEALs, are former U.S. Navy SEALs recruited by a new CIA counter-terror division to handle solo dark ops missions to combat terrorism on U.S. soil. Logan (Preacher) Bishop, retired Navy SEAL, flew tourists on helicopter rides over the mountains of Montana and occasionally rescued skiers from snowy slopes. With the threat of terrorists developing means of biological warfare, he jumped at the chance to run a mission in Alaska, monitoring the activities of a newly established ISIS cell. Vivian Sanders, a biologist with the Department of Homeland Security, was tasked with finding out what the terrorists were creating. Assigned to work with an agent on a cell in Alaska, she was stunned to find she was being paired with a security specialist and he knew nothing about their cover—living next door to the terrorists and pretending to be married. Precise in his planning and executions of missions, the impulsive Viv drove Logan to distraction and of all his missions, he was certain this one would fail. Learning to work together, Logan and Viv discover opposites do attract. But the secret Logan carries—how he is to finish the mission—is one he is afraid she won't be able to accept. When the chemicals created by the terrorists next door threatened to be tested on a small town in Alaska, they fight to survive...both hoping their love survives the battle as well. ** Logan Bishop was first introduced in the Saints Protection & Investigation Series (Surviving Love). This book is in the "Sleeper SEAL" connected series. Each book is a stand-alone, with no cliffhanger endings. Each book in this multi-author branded series is a standalone novel, and the series does not have to be read in order.

The Sleeper SEALs: former U.S. Navy SEALs recruited by a new counter-terror division to handle solo dark ops missions to combat terrorism on U.S. soil. Mission Assignment: Luke Reynolds When a SEAL is in, he's all in When hardened Navy SEAL Luke Reynolds sacrificed his career eight years ago to raise his sister's child, he never looked back. Raising Naomi was the best thing he ever did with his life. But, she's off to college and he's left wondering what comes next. Returning to the teams isn't an option, but when his former commander taps him, it isn't hard to say yes to a covert mission tracking the masterminds behind a frightening new online threat to the safety of the United States and its allies. At least, not until single mom Lyra Hill ends up on his prime suspect list. When the people he loves the most end up at the mercy of forces with no conscience and nothing to lose, Luke is faced with a choice he never thought he'd have to make. Each book in this multi-author branded series is a standalone novel, and the series does not have to be read in order.

"Dakota James's life has become the stuff of nightmares. The leader of the Ansar al-Shari'a terrorist group has become obsessed with her, determined to take her as his wife. On the run, she'll have to pin her hopes on the retired SEAL charged with finding and stopping Aziz Fourati before he can carry out plans to bomb more US airports. Recently recruited to join a sleeper SEAL team tasked with fighting terrorism on US soil, Slade "Cutter" Cutsinger, with the help of some Special Forces friends, has located the one woman who can identify the deadly Ansar al-Shari'a leader. That was the easy part. Keeping her safe proves more difficult than anyone ever imagined. When she and her new friend, Caroline, are kidnapped by the terrorist group, Dakota can only pray Cutter and the SEALs will reach them before they're taken out of the country--and away from Cutter forever.

A dedicated doctor struggling to raise money for a much-needed community health clinic, Lucinda Brightwater is beginning to feel as though time is her enemy. Besides the clinic, she desperately wants a child, but how likely is that for a single thirty-four-year-old who works long hours—with no man on the horizon? So when a man who's hard to resist makes her an offer that's hard to refuse, Lucinda agrees to marry Holden Fortune for one million dollars. The notorious bachelor needs a "respectable" wife in order to claim his inheritance. Lucinda needs her clinic. The terms? One year. In name only. No strings. No strings, maybe, but there's a lot of heat, making it hard for cooler heads to prevail, especially since it appears Lucinda's other dream is now on its way....

Part-time bartender Erin Gardner is friendly to everyone who bellies up to her bar, including the local law enforcement and firefighters who keep her city safe. That's where she meets game warden Conor Paxton, a regular who she asks to join a canoeing trip she's leading for her university day job. When the trip leads to something more, Erin couldn't be happier. Conor adores Erin, more than enough to help her continue to get over lingering self-esteem issues from her childhood. He's thrilled he's found someone who enjoys spending time in nature as much as he does. Just when the couple thinks they're on their way to a happily ever after, Erin finds herself in the wrong place at the wrong time. But there's no way she'll just lay down and die. She's woman enough to save herself-and lead her man to her when she's done. ** Justice for Erin is the 9th book in the Badge of Honor: Texas Heroes Series. Each book is a stand-alone, with no cliffhanger endings.

The Northwest Passage proved so elusive for so long that many sailors and explorers believed it didn't actually exist. A sea route connecting the Atlantic and Pacific Oceans through the Arctic archipelago, it wasn't until Roald Amundsen's 1903 – 06 voyage that the Northwest Passage's existence was finally proved, but the transit is treacherous and entirely dependent upon the ice giving up its grip for sufficient time to allow vessels through. This is not a journey undertaken by average sailors in small private boats. But David Scott Cowper, 73, is no ordinary sailor. There are seven possible routes through the Northwest Passage, and Cowper had sailed through six of them singlehanded. This is the account of the sixth and most northerly – from ocean to ocean through the McClure Strait, this time accompanied by Jane Maufe, his crew. The account of the voyage is written by Jane and she captures Cowper's steely determination, resourcefulness in the face of adversity and humility in the wake of great achievement. Theirs is an old-fashioned relationship, where each party expects to fulfil their stereotypical roles. But Jane is no push-over - she can steer a watch, haul sails, and leap ashore slippery pontoons with heavy ropes like the best of them. As well as a captivating story of adventurous sailing it provides a fascinating insight into the relationship between two serious and dedicated sailors, alone together in some of the most isolated and forbidding desolate wastes on earth. It is a relationship built on respect and high expectations, mutual ambition and also self-sacrifice, and the book is a uniquely revealing and charming account.

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood 's blockbuster movie which was nominated for six academy awards, including best picture. From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him " The Legend " ; meanwhile, the enemy feared him so much they named him al-Shaitan (" the devil ") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages

throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle ' s masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.
