This comprehensive book helps you learn the 92 basic Kana characters and 2,136 standard Kanji characters. Complete, compact and authoritative—this Japanese language book provides all the information needed to learn kanji and kana, including the 92 basic hiragana and katakana phonetic symbols (known collectively as Japanese Kana) and the 2,136 standard Joyo Kanji characters that every Japanese person learns in school. This new and completely revised edition reflects recent changes made to the official Joyo kanji list by the Japanese government. The kana and kanji are presented in an easy and systematic way that helps you learn them quickly and retain what you have learned and improve your mastery of the Japanese language. The ability to read Japanese and write Japanese is an essential skill for any student and will build on their previous knowledge and improve on their overall capacity to learn Japanese. A concise index allows you to look up the Kanji in three different ways (so the book also serves as a Japanese Kanji dictionary) and extra spaces are provided to allow you to practice writing Japanese. Japanese Kanji and Kana contains: All 2,136 official Joyo kanji with readings and definitions. Characters are graded by their JLPT examination levels. Up to 5 useful vocabulary compounds for each kanji. Brush and pen cursive forms as well as printed forms. 19 tables summarizing key information about the characters. Kanji look-up indexes by radicals, stroke counts and readings.

Organized for quick and accurate coding, HCPCS Level II 2019 Professional Edition codebook includes the most current Healthcare Common Procedure Coding System (HCPCS) codes and regulations, which are essential references needed for accurate medical billing and maximum permissible reimbursement. This professional edition includes such features as Netter's Anatomy illustrations, dental codes, and Ambulatory Surgical Center (ASC) payment payment and status indicators. Features and Benefits * Full-color Netter's Anatomy illustrations clarify complex anatomic information and how it affects coding. * At-a-glance code listings and distinctive symbols identify all new, revised, reinstated and deleted codes for 2019. * The American Hospital Association Coding Clinic® for HCPCS citations provides sources for information about specific codes and their usage. * Convenient spiral binding provides easy access in practice settings. * Quantity feature highlights units of service allowable per patient, per day, as listed in the Medically Unlikely Edits (MUEs) for enhanced accuracy on claims. * Drug code annotations identify brand-name drugs as well as drugs that appear on the National Drug Class (NDC) directory and other Food and Drug Administration (FDA) approved drugs. * Color-coded Table of Drugs makes it easier to find specific drug information. * Durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) indicators clearly identify supplies to report to durable medical third-party payers. * Ambulatory Surgery Center (ASC) payment and status indicators show which codes are payable in the Hospital Outpatient Prospective Payment System. * American Dental Association (ADA) Current Dental Terminology code sets offer access to all dental codes in one place. * Jurisdiction symbols show the appropriate contractor to be billed for suppliers submitting claims to Medicare contractors, Part B carriers and Medicare administrative contractors for DMEPOS services. * Special coverage information provides alerts when codes have specific coverage instructions, are not valid or covered by Medicare or may be paid at the carrier's discretion. * Age/Sex edits identify codes for use only with patients of a specific age or sex.
