DON'T LET YOUR WRITING HOLD YOU BACK. When you're fumbling for words and pressed for time, you might be tempted to dismiss good business writing as a luxury. But it's a skill you must cultivate to succeed: You'll lose time, money, and influence if your e-mails, proposals, and other important documents fail to win people over. The HBR Guide to Better Business Writing, by writing expert Bryan A. Garner, gives you the tools you need to express your ideas clearly and persuasively so clients, colleagues, stakeholders, and partners will get behind them. This book will help you: • Push past writer's block • Grab—and keep—readers' attention • Earn credibility with tough audiences • Trim the fat from your writing • Strike the right tone • Brush up on grammar, punctuation, and usage

This business book is different. Unlike every other book you'll read with titles like "How To Craft The Perfect Business Plan in 89 Incredibly Simple Steps", this book is different. It's a simple "How To" guide for creating a Business Plan that's right for you and your business and also an easy to follow workbook. The workbook will guide you through the process you need to follow. It tells you the questions that you need to consider, the numbers you need (and how to get them), and supporting documents you need to gather. The main purpose of a business plan is to aid YOU in running YOUR business. So the workbook has been designed for you to write the information in and refer back to as needed. If you need to supply your Business Plan to another party, such as a bank if you're looking for finance, then it's simple to type up the various sections for a professional document. Running your own business is both a challenging and daunting prospect. With a well-thought-out business plan in place (anticipating the challenges you'll face AND the solutions) it will be much less daunting and much more exciting. Good luck! Molly

Ursula Hackett's tried-and-tested approach for essay success helps students to create brilliant, original, high-scoring essays that are enjoyable to write – and read. With dozens of hands-on exercises and clear examples, Brilliant Essays begins with students' everyday experience of using language, arguing a case, reading, thinking, and communicating with other people. Chapters help students to examine – and dispel – assumptions, build and control their arguments and use evidence effectively, in written assignments and timed exams. The final chapter provides clear, no-nonsense answers to frequently asked questions raised by Ursula's students at Royal Holloway, University of London and the University of Oxford and via her YouTube channel and website. Whichever subject your students study, Brilliant Essays will take them beyond the basics and give them the tools to reach their academic potential.

Guide on writing and submitting a scientific paper for graduates to professionals.

Journals are great for writing down ideas, taking notes, writing about travels and adventures, describing good and bad times. Writing down your thoughts and ideas is a great way to relieve stress. Journals are good for the soul!
